

# English in the Heart of England - Coventry

City College Coventry offers a choice of courses designed to improve your English language skills and also to help you to develop skills to access university, at home or in the UK.

## English Intensive Course

From September to June each year, our full-time English Intensive Course provides 15 hours or 21 hours per week classroom study at a variety of levels. Our 15 hour option includes general English classes (based on a course book) and Skills Development sessions - focusing on one skill, for example speaking, reading or presentation skills. The 21 hour option enables you to maximise your time here with us and take part in our workshops in the afternoon. This may be a conversational workshop and a writing workshop. If we have a high demand for IELTS classes this can also be run as a workshop helping you to prepare for your IELTS exam.

When you join us, you will be given a thorough induction programme, and for students on academic or vocational courses, we will ensure that on-going English language support is available to you throughout the academic year if needed.

Included in your tuition fees from September to June are: monthly excursions, course books, weekly tutorials, free e-mail facilities and internet access.

<b>Entry Requirements</b>	Pre-intermediate and above
<b>Time</b>	Up to 21 hours per week
<b>Class size</b>	Maximum 16
<b>Minimum study period</b>	2 weeks

\*\* Tutorials are held in the afternoons from 13.30-14.30.

# English in the Heart of England - Historic Coventry

During July and August, you can join our Summer School. Like the Intensive English Course, it runs at a minimum of two levels and provides 3 hours of tuition each morning, with an opportunity to attend tutorials. We also run workshops in the afternoon allowing you to study on either the 15 hour or 21 hours per week programme. Classes have a maximum of 16 students.

There is a full programme of afternoon social activities as well as half-day and full-day excursions. Some of the places you can visit for full-day excursions are Oxford, London and Birmingham. The afternoon excursions will allow you to visit local places of interest such as Stratford-Upon-Avon and Warwick Castle as well as take part in fun activities such as bowling and ice-skating. Although some of these activities are free on the summer programme, some you will need to pay for and we advise you to allow for £15-25 per week for activities and excursions.

These trips and activities are an excellent way for you to experience British Culture and also to meet many students from different countries and cultures in a relaxed and fun environment.

<b>Entry Requirements</b>	Pre-intermediate and above
<b>Time</b>	Up to 21 hours per week
<b>Class size</b>	Maximum 16
<b>Minimum study period</b>	2 weeks
<b>Start date</b>	Every 2 weeks in July and August (see website for start and finish dates)

## IELTS Test Centre

City College Coventry has been an IELTS test centre since 1995 and we hold IELTS exams every month. You can contact the International Centre for an application pack or contact our IELTS Help Line: +44 (0) 24 7679 1672. You can also download an application form from [www.ielts.org](http://www.ielts.org).
